

Dear friends,

There won't be an online gathering in the Peak Circuit on Sunday evening, 24th May - or a subsequent 'Peak' video - simply because there are other things you may wish to engage with this weekend:

The Sheffield Methodist District Chair Rev Gill Newton has prepared the following video with the title 'In The Waiting Time', where she reflects on Ascension, Aldersgate Sunday, Pentecost, and 'Thy Kingdom Come'. (See link below)

She has also prepared a script for anyone who would like to receive that - please let me know.

Can I also commend **Cliff 'Festival at Home'**.

You can dip into as much or as little as you want, watch live, or whenever suits you - all from the comfort of your home....and it's all free! There have already been inspiring worship, seminars, preaching, 'prayer by the fire-pit', and much more. It's all recorded too, so if there's already too much happening for you this weekend, there's plenty of time to catch up.

God bless you,

Rev Adrian Perry
